Transportation of Energizer Lithium Batteries

The batteries below represent the entire portfolio of lithium products available from Energizer. With some exceptions, none of these batteries may be shipped in bulk on passenger aircraft. For complete details on the regulations governing the transportation of lithium batteries, please see:

Global (except the US): UN Manual of Tests and Criteria, Part III, Subsection 38.3 / IATA Packaging Instructions 968- 970.
United States: 49 CFR 173.185.

Name	Picture	UN 38.3 Approved	Lithium Content (grams)	Battery Weight (grams)	Class 9 Dangerous	UL Listed
CR1025		Yes	Lithium content of 0.3g or less	0.7	No	MH29980
CR1216		Yes	Lithium content of 0.3g or less	0.7	No	MH29980
CR1220		Yes	Lithium content of 0.3g or less	0.8	No	MH29980
CR1616		Yes	Lithium content of 0.3g or less	1.2	No	MH29980
CR1620		Yes	Lithium content of 0.3g or less	1.4	No	MH29980
CR1632		Yes	Lithium content of 0.3g or less	1.8	No	MH29980
CR2012		Yes	Lithium content of 0.3g or less	1.3	No	MH29980
CR2016		Yes	Lithium content of 0.3g or less	1.9	No	MH29980
CR2025		Yes	Lithium content of 0.3g or less	2.8	No	MH29980
CR2032		Yes	Lithium content of 0.3g or less	3.3	No	MH29980
CR2320		Yes	Lithium content of 0.3g or less	3.3	No	MH29980
CR2430		Yes	Lithium content of 0.3g or less	4.6	No	MH29980
CR2450		Yes	Lithium content of 0.3g or less	6.9	No	MH29980
2L76		Yes	Lithium content of 0.3g or less	3.0	No	MH29980

123*		Yes	Lithium content of more than 0.3g but not more than 1g	16	No	MH29980
1CR2		Yes	Lithium content of 0.3g or less	11	No	MH29980

Name	Picture	UN 38.3 Compliant	Lithium Content (grams)	Battery Weight (grams)	Class 9 Dangerous	UL Listed
223		Yes	Lithium content of more than 0.3g but not more than 2g	37	No	MH29980
2CR5		Yes	Lithium content of more than 0.3g but not more than 2g	40	No	MH29980
CRV3		Yes	Lithium content of more than 0.3g but not more than 2g	32	No	MH29980
EA91*		Yes	Lithium content of more than 0.3g but not more than 1g*	14.5	No	MH29980
EA92*		Yes	Lithium content of more than 0.3g but not more than 1g*	8.0	No	MH29980
L91*		Yes	Lithium content of more than 0.3g but not more than 1g*	14.5	No	MH29980
L92*		Yes	Lithium content of more than 0.3g but not more than 1g*	8.0	No	MH29980
LA522		Yes	Lithium content of more than 0.3g but not more than 2g	33.9	No	MH25972

*Two or more batteries will exceed the more than 1 gram regulation.

In order to meet the labeling requirements outlined by the US DOT, Energizer uses the following label.

This label represents one example of what can be used.

Energizer
